

Hosted by the Rideau Thousand Islands Master Gardeners

Sustainable Gardens

***Work with nature to create the environment you want.
Each of us can make a difference.***

Speakers

Elizabeth Stewart
Master Gardener,
Toronto

'Key Elements in Your Sustainable Garden'

The practical advice in Elizabeth's keynote presentation will be supplemented with several take-home fact sheets on organic gardening plus a suggested reading list.

Scott Olan
Ontario Ministry of the Environment

'Controlling Pests in Your Garden'

How Integrated pest management under Ontario's new law promotes sustainability.

Paul MacLatchy
City of Kingston

'Sustainability from Garden to Community'

Kingston's goal of becoming Canada's most sustainable city relies on gardeners to do their part.
