## In Memoriam

*Elaine Baldwin of Kitchener*

### **‘Everything she did, she did it right to the edge’**

Born: June 16, 1953 in Kitchener; Died: Nov. 8, 2015 of pancreatic cancer

Elaine Baldwin never did anything in half measures. Elaine was an eclectic Master Gardener who enjoyed both her own gardens as well as her involvement with the Kitchener Horticultural Society Board of Directors. She graduated, with distinction, from the University of Guelph with a Certificate in Horticulture this year.

As a 30-year veteran medical librarian at St. Mary's General Hospital, Elaine was so good at her job she received the Reverend Rip Kirby Award of Excellence and the Mission Legacy Award. Staff in the facility went a step further, and the library will be renamed in her honour.

## Focus on Prince Edward County Master Gardeners (PECMG)

We are very active in our community and are involved in: The County Garden Show, our annual Plant Sale, managing the Heritage Gardens at Macaulay House in Picton, Community Gardens, Grow A Row and our local food bank, an advice column in our local newspaper, a spot on a local radio station, demonstrations at local nurseries, and of course, consultations with local gardeners.

We are also actively working to raise awareness of Wild Parsnip in Prince Edward County and have developed a Wild Parsnip Identification sheet that we will be handing out to all first responders (since they are so often at the side of the roads), schools, local businesses, doctor's offices and at all of our events.

## A Moment for Membership

*Pam Love, Director of Membership, MGOI*

Happy Valentines!

Did you know that research shows that recognition is one of the top reasons people volunteer.

Recognizing volunteers on Valentine's Day can sometimes pose a challenge since this holiday is so closely associated with couples and has such a strong romantic connotation. Instead, let's acknowledge and celebrate our volunteers' contributions. Make an announcement at your meeting recognizing the outcomes of some of your group activities or the impacts your members have had, or make a small gesture of some cookies with a note: "We appreciate every single one of you", or create a photo page on your website including photos of members in action, hearts and notes. You can extend the recognition by sending a note of appreciation to your partners or supporters in your community. Make February a month of appreciation - or if you have already had your meeting this month, make it March or any other month, or every month! "Recognition" contains the root word "cognition" which means to really see and understand something. One way to see something is to shine a light on it - or to raise the visibility of what volunteers have done - to focus on the outcomes and impacts, not merely on activities or hours.

The Canadian Master Gardener Awards of Excellence was established to recognize outstanding projects that demonstrate excellence in the delivery of Master Gardener services to the public. The awards recognize and applaud the great work that is being done throughout the country by local MG groups. They also provide ideas and motivation for other groups to broaden their activities.

We are in the final process of tabulating the results from the selection committee for the awards. Can you feel the suspense building? Here are some rave reviews:

"Gave participants opportunities to grow (in more ways than one!!)"

"Made us proud to be MG's and confirmed our relevance in today's evolving world!!!"

"Cannot wait for MG studios to evolve!!!"

"You are influencing the lives of people who might otherwise be left on the sidelines!!!"

"Converted non-gardeners!!!"

"Enthusiasm shone through!!!"

The winners will be announced at the Conference in Deerhurst on the Friday evening, April 8th. Have you registered yet to get a front row seat?

Following the reward ceremonies at the conference we are going to arrange for information about the awards submissions to be posted on the mgoi.ca site. We are doing this not only to recognize the groups who participated this year, but also to share ideas, best practices, and to inspire all groups to paraphrase the comment above "Make us proud to be MG's and confirm our relevance in today's evolving world!!!"

On a personal note I would like to acknowledge Anja Lowrance from the Simcoe group who has done a stellar job helping with the logistics and organization of the award applications, the responses from the selection committee and tabulation of the results. Thank you Anja!

Thank you also to our selection committee: Jane Beck, Central Region; Nancy Cole, Eastern Region; Deanna Hoffman, Northern Region; James Lee, South West; Heather Connors-Dunphy, Atlantic; Colleen Zacharias, Manitoba; Lynne Christmas, BC; Liz Klose and Denis Flanagan, Honourary Master Gardeners. The time they have taken to review the applications, and provide comments and feedback is invaluable and appreciated.

Hope to see you on the red carpet in April to help us cheer! Bring your Bling!!!
